Motter Avenue Bridge Project

Construction Update

September 19, 2012

- Observe new signs and flaggers during lane closures.
- Please drive carefully through work zone and beyond.
- Automated speed enforcement is now in place on US 15. The speed limit is 55 mph.
- Watch for construction equipment and working crews.

Recent Accomplishments:

1. Crews are installing erosion and sediment controls as needed.
2. Crews have continued to place storm drain structures and pipe along Motter Avenue.
3. Crews have been placing electrical conduit in various locations throughout project.
4. Crews have started placing curb and gutter along Motter Avenue.
5. Crews have completed work on storm drain pipe under southbound US 15.
6. The work zone on US 15 has been added to the *Maryland Safe Zones* automated speed enforcement program. Citations will be issued beginning Oct. 2. For more information, visit <http://www.safezones.maryland.gov>.

Upcoming work schedule:

1. Crews will be working on storm drain pipe under Motter Avenue, using the “jack and bore” method to avoid disturbing the road.
2. Crews will be removing curb and gutter along Motter Avenue.
3. Crews will be working on the fill area for one of the new abutments, or end supports, of the bridge.
4. Crews will be relocating existing utilities along Thomas Johnson Drive (gas main and electric lines).

On behalf of Maryland State Highway Administration, I would like to thank you for your cooperation and patience. Please drive with caution through our work zone.

David James, Project Engineer
